MAYS AL-KHALIL

FULL STACK WEB DEVELOPER

Mobile: +962 976532179 | **Email:** Maysmohd888@gmail.com | **LinkedIn:** Mays Al-Khalil

Profile Summary _____

As a computer engineer, I possess a broad range of skills in programming, web development, website design, sales, marketing, social media, and recruitment. Additionally, I enjoy volunteering, which has allowed me to improve my communication and collaboration abilities. I am committed, flexible, and passionate about continuously improving and providing top-notch solutions.

Education _____

Bachelor's degree in computer engineering from AL-BALQA APPLIED UNIVERSITY / Faculty of Engineering Technology (FET), JORDAN (2020-2024)

Skills _____

- HTML
- CSS/Bootstrap
- JavaScript (JS)
- UI/UX Design
- Problem-Solving
- Presentation skills
- Time management
- Project management
- Searching skills

Courses _____

- Introduction to website programming *(Jordan Engineers Association, 2024)*
- UI/UX *(Jordan Engineers Association, 2024)*
- Web designer *(Udemy, 2022)*
- Frontend developing *(Udemy, 2022)*

Projects _____

- **Text-To-speech Converter**

  - **A web app developed using HTML, CSS, and JavaScript that converts text to speech with the ability to change the voice.**

- **Quiz App**

  - **This app allows you to add multiple questions, with 4 answer choices for each question. When you select an answer, the answer button's background color changes to green for a correct answer, and red for an incorrect one. Once you select an answer, you cannot change it, and you can only proceed to the next question.**

Quiz Score Display:

The quiz score is displayed after the user submits the answer to the last question and clicks on the next button.

- **Poly E-Guide**

  - **A web-based university library that helps students progress through their studies. The app uses HTML, CSS, Bootstrap, and JavaScript.**

- **To-do List**

  - **a website specially built to keep track of errands or tasks that need to be done. This website will be like a taskkeeper where the user can enter the tasks they need to do. Once they finish their tasks, they can also remove them from the list. Built with HTML, CSS, and JavaScript**

- **Weather App**

  - **A website that displays weather information for a given city using HTML, CSS, and JavaScript.**

Volunteer _____

- **"Nabd" Club at Al-Balqa Applied University (Member of the integration team and member of the registration team)**

  - **"WARSHA BALAD" Social Initiative is responsible for communicating with new members, organizing and presenting events, and overseeing the Karak and Amman groups.**

- **Other Volunteer Activities:**

  - "Ana Ushark" and "Ana Ushark Plus" Programs (Crown Prince Foundation)
  - "Let's cooperate in doing good": a youth volunteer service initiative aimed at serving the local community in cooperation with the Greater Amman Municipality

Languages _____

- **Arabic (native)**
- **English (Good)**
